SKILLS

Technical Languages

- Java
- JavaScript
- HTML & CSS

Tools and Technologies:

- React JS
- Node JS
- Express JS
- Tailwind CSS
- MongoDB
- Material UI
- Django
- AWS Cloud
- Git & GitHub
- MySQL
- AI Foundations
(Microsoft Certified)

Interpersonal Skills:

- Leadership
- Public Speaking
- Communication
- Collaboration
- Community Building

EDUCATION

BE - Computer Science and Engineering

Panimalar Engineering
College

2021 - 2025

CGPA (upto 6th semester): 8.70

HSC (TN State Board)

Velammal Matriculation
School Mogappair (Main)

- 12th Std completed in 2021 with 91% (546.73 / 600)
- 10th Std completed in 2019 with 88.6% (443 / 500)

OBJECTIVE:

To secure a challenging Software Engineer position where I can leverage my **Bachelor's degree in Computer Science**, diverse programming skills including JavaScript, Java, Node JS, Express JS, React JS, MongoDB, HTML/CSS, and Django, alongside hands-on experience with AWS Cloud services and databases. With a recent Microsoft, GitHub and Oracle certifications, **I am eager to contribute to a dynamic team, driving innovation and achieving mutual professional and organizational growth.**

PROJECTS:

1.] CodeSpot - Learning Portal:

Description: A comprehensive Learning Management System (LMS) designed for students to access coding courses provided by instructors. Built to facilitate learning through interactive modules and assignments, the platform supports a variety of coding languages and exercises. Currently **utilized by over 3000 students at PEC**, the platform provides a robust environment for learning and tracking progress. [**Project Link:** <http://www.codespotpec.com>]

Tools:

- Frontend: Bootstrap, JavaScript
- Backend: Django
- Database: MySQL (AWS RDS)
- Cloud Hosting: AWS Cloud

Roles & Responsibilities:

- **Backend Development:** Implemented backend functionalities using Django framework.
- **Data Integration:** Developed data parsing mechanisms in JavaScript to send user progress data from frontend to backend.
- **Database Management:** Assisted in designing and maintaining MySQL database schema on AWS RDS for efficient data management.

2.] BeatBox

Developed a music player application entirely using **React.js and Tailwind CSS**. Designed an amazing UI similar to a professional Spotify music player, **providing a clean and intuitive interface for users.** [**Project Link:** <https://rishab-beatbox.vercel.app/>]

INTERNSHIPS

Defense Research And Development Organization (DRDO)

Nov 2023 - Jan 2024

Project Student

Skills Developed:

- ROS2
- Gazebo
- Blender

Centre for Development of Advanced Computing (CDAC)

Jun 2023 - Jul 2023

Project Student

I had the privilege to contribute to the development of a cloud-based tool named "Meghdoot" built using the Django framework.

Skills Developed:

- Django
- JavaScript
- Bootstrap

CERTIFICATION

"Microsoft Certified: Azure AI Fundamentals" (AI-900) Certification

"GitHub Foundations Certification"

"Oracle Cloud Infrastructure 2024 Generative AI Certified Professional"

PERSONAL DETAILS

DOB: 14-09-2003

Permanent Address:

24, Indira Street, Venkatesa Nagar, Kolathur, Chennai.

Hobbies:

- **Engaged in hobby projects** focused on full-stack development.
- Actively **engage in coding challenges** on platforms like LeetCode and HackerRank, utilizing Java and SQL.
- **Continuously learning new technologies** to stay updated with industry trends.
- **Utilize LinkedIn to stay updated on new technologies**, connect with technical professionals, and **build a robust professional network**.
- **Regularly attend online courses** to expand technical knowledge.
- **Stay informed on technical advancements** via **YouTube tutorials, online courses, LinkedIn posts and specialized technical content**.

ACHIEVEMENTS

Postman API Fundamentals Student Expert

PECTEAM 2K22 - Project Presentation in Conference:

5th place out of 63 teams (Capacitive Touch Sensing)

VOLUNTEERING

FullStack Lead

Mar 2024 - Present

AWS Cloud Club Panimalar - Chennai

As FullStack Lead at AWS Cloud Club, Panimalar - Chennai, **I lead exploration into cloud technology integration in FullStack projects.** Our club delves into cloud computing's potential for enhancing development through regular meet-ups and hackathons. Our flagship event annually showcases our achievements and facilitates interaction with industry experts for deeper insights into cloud technologies.

[Official Site : <https://awscpcchennai.vercel.app/>]

Initiator & Strategist

Jul 2023 - Present

Coders Forum

Coders Forum is a prominent technical community at PEC (Panimalar Engineering College), **I played a pivotal role in orchestrating weekly meet-ups and monthly coding contests.** Moreover, our platform served as a nexus for showcasing projects and seeking assistance when needed, thereby nurturing a culture of mutual support and continuous learning.

[Official Site : <https://codersforum.netlify.app/>]

Student Coordinator

Jul 2022 - Jul 2023

PEC- IEEE

As Overall Boys IEEE Coordinator during my second year of Bachelor of Engineering at Panimalar Engineering College, **I organized diverse events, honing leadership and collaboration skills significantly.**

I hereby declare that all the details provided above are true to the best of my knowledge.
